

COMMON ADMISSION TESTING PROGRAM

Applicants to the Academic Year 2011-2012

**Brunswick School
Convent of the Sacred Heart
Greenwich Academy
Greenwich Country Day School
King**

(For students entering 3rd and 4th grades in September 2011)

Many families in the Greenwich area apply to more than one independent school. Because all the schools in the program use sections of the Educational Records Bureau, CTP 4, we have established a common testing program in an effort to eliminate multiple testing for the student and give families greater flexibility in scheduling. The schools in the program consider testing as only one aspect of the admission process and also give weight to school records, school visits and family interviews. Observation of younger children and other special evaluations may also be required depending upon the school and grade level.

Regardless of the school serving as the test center, you may request your child's test results to be sent to any independent school listed above.

Tests are offered on six Saturday mornings between November 13, 2010 and January 8, 2011. We encourage applicants to take this required test early in the admission process to provide make-up time in the event of unanticipated illness or a weather cancellation. Please check each schools application deadlines, allowing 15 days for ERB to send schools the test results.

Description of Tests

Applicants to the independent schools noted above will take sections of the Educational Records Bureau, CTP 4. The assessments for each grade include achievement tests in reading comprehension and mathematics. The tests are objective and multiple-choice in format. In addition, students will be assigned a writing sample on a given topic.

Procedures

A student must arrive at the designated test center school between 8:30 a.m. and 8:45 a.m. Testing begins promptly at 9:00 a.m. Therefore, no student will be admitted to a test center after 8:45 a.m. **No one may leave the classroom until the entire test is completed.** Total testing time is approximately 2 hours. Rest periods are scheduled between tests. Applicants should bring a pleasure book to read in the event that some open time exists between tests. Snack is provided during the morning. Students are welcome to bring a special snack to eat, if desired, during the break.

To register, please use the registration form on the attached page **and return it to the school where the testing will take place.** A registration fee of \$50.00 must accompany the registration form. **Please make your check payable to the school where the testing will take place.**

Common ERB Testing Program Schedule
(For students entering 3rd and 4th grades)
